

Group 5

Evaluate crypto platforms 11/05

ATTENDEES

Melvin Berkoh, Deanna Rodriguez, Leonel Lourenco

AGENDA

Last Meeting Follow-up

1. Finalize presentations and discussing workflow

New Business

- Approach to finding the different types of cryptocurrency we want to talk about.
- Assign people to different currencies to do research on.

NOTES

- Leonel is doing Ethereum, Melvin is doing Tezos and Deanna is doing Corda
- There was a creation of a google doc where we will put in our research.

ACTION ITEMS

1. Everyone is tasked with doing their own research on cryptocurrency so that we can finally come up with a base idea for what we want your own currency to look like.

NEXT WEEK'S AGENDA

Debate among ourselves which crypto currency has the best base for use to base our own off.
